PROFESSOR LANGLEY's great shipwreck obeys the law of gravitation. His great mechanical bird does exactly what Darius Green did years ago when he flew from his father's hand. It came down to the earth on a dive, only the earth happened to be the Potomac River and Darius instead of broken bones gets a ducking.

### HARMONY IS THE WORD.

Adams county is a Democratic county. The majority of votes are on that side. Last fall Pattison carried it by a good majority. Any one who is trying to see if action should go and bury the eight and thought in a hole and then lies the bolt. With the defeat in county matters last year standing in the way of the course of Democracy, with other details than the political, there is nothing a Democrat can do but look ahead and not behind. There must be a forgetting of what is behind. There is a duty that every Democrat owes his party and that is to bury his memories. Parties are often thrown into disorder by rancorous memories. Triumphant Democracy demands that the past be dead, that a harmony prevail and that there be a united effort all along the line to demonstrate that this is a Democratic county.

### HOW MERCHANTS CAN HELP THEMSELVES

There is not a merchant or the friend and relative of a merchant who ought to give a vote to the Republican State ticket. There is no excuse under heaven for the collection of the present mechanical tax which is rung out of the merchant for the benefit of the Machine. This tax is kept upon our statute books by the Machine for the purpose of adding this year to the seventeen million already in the State Treasury so that the machine can constantly grow its fund more by means of playing off the Machine and bring to the machine's great sum of money. The Machine dictates the banking institutions where this fund shall be deposited. In Gettysburg recently a half million was obtained for a bank and two-fifths of the sum as soon as it was received was loaned to politicians through whose pull the deposit was obtained. Banks obtaining big slices of this fund are required to contribute to the Machine and the politicians. The funds make possible the political corruption which is disgracing this great Commonwealth. The merchant and his friends have it in their power to take away this fund from the politicians. Vote this year for the Democratic candidate for State Treasurer. He will see to it that the Machine will not control a dollar of it. Next year vote for those who will represent him unceasingly.

### STATE'S OPENING GUN TOO PREVIOUS

All I considerized pieces of writing, the one exhibited in the two columns in the State of last week in the space supposed to be reserved for the editor, take the cake. It is an elaborate defense of Judge Swope in reference to certain records he has been making in recent cases. It is all I considerized that we can not make ourselves believe that any newspaper man was guilty of it. Its phraseology, its familiarity with legal terms and situations betrays the hand which wrote it. But one legal mind in this community could have made "irregular traps like the individual and irregular entries." And the same mind had a propensity to quotations from Shakespeare shown in his "This fish is fit to eat."

If the article had confined itself to the issue raised the Compiler might have passed it by without comment but when it makes an untimely bid for a reparation of Judge Swope, it calls for notice from us because there is a pronounced public sentiment among Democrats and also in our party, which is opposed to any renomination by reason of the record he has made during the past nine years.

Hence it is to be noted that the defense is of great length, and that it was made under many circumstances, shows the contempt and concern that a defense was needed but not only of specific records made but that the whole need it, his whole career on the bench is thrown into the breach. The evidence submitted to support the contention that he has not been a political judge is in one short sentence that he has let or "left" politics to other hands. We surmise the composer inserted the wrong preposition "to" when copy likely read "through."

But it does not stop at a defense; it is an open bid for the renomination of Judge Swope. It is more than that, it is the declaration of a bone that "his nose must be made without opposition." In fact, the whole article excepts the impulses of one who has recently come on record without due deliberation aniontly bidding for a second term and then arbitrarily declaring "the subject closed."

Aromasville, Oct. 12.—Mary King has sold her home in Franklin township, consisting of 27 acres, with improvements, to John B. Haasler, for \$1200. P. E. Haasler says he sold 13 acres and 111 perches of timber land in Butler township, to Walter Taylor, for \$475. Among a lot of 150 bushels of potatoes that Daniel C. Buehrer took up the other day were many that weighed from 1 pound to 1 pound and 10 ounces each. He re-

ports only a few rotten ones in the lot. The variety was the California Beauty.

Diamonds in Alaska. While many prospectors have been searching their search chiefly for gold and copper deposits in Alaska, others have been searching for diamonds, and according to recent reports they have been successful in finding a few valuable specimens. There are many other persons who have been searching for years for something far more precious than gold or diamonds and that is health. They have found that the search is not in vain hope of finding it without success. They should try Hostetter's Stone Bitters because it is the most successful health maker in the world, and is the only medicine that can give you a cure. It will positively cure indigestion, dyspepsia, constipation, nervousness, insomnia and malaria, fever andague. Try it.

## COUNCIL ADOPTS HEALTH BOARD RULES

PONPOSES ACTION ON OPENING NEW STREET TO PROPOSED BRICK PLANT.

Hears an Explanation From Manager of Electric Light Company and Will Buy Winter Alley.

Seven of the eight members of the Town Council were present at the adjourned meeting, Monday evening, of this body, Commissioner Sickles being the only absent. The vacancy caused by the resignation of Isaac Kauffman of the 2nd Ward was filled by the election of Andy Becker. Mr. Becker was nominated by Mr. Wissotzky and voted for by Mr. King, Mr. Mencken, Mr. Gilberts nominated George E. Stock. Mr. Becker received four and Mr. Stock three votes. The Republicans had no nomination. President Becker declared Mr. Becker elected.

Among other business transacted was the consideration of a communication from the incorporation of two proposed additions to the town, the one proposed by the Electric Light Company and the other by the Winter Alley.

The resolution of the Electric Light Company, which the street will be opened in width, with the exception of the College grounds, as the center of the proposed street.

The communication stated that the company has a capital stock of \$40,000, and it was proposed to build a brick plant at the corner of Winter Alley and Franklin Street.

Mr. Becker explained that the Winter Alley plant would be built on the site of the old brick factory, the College occupying both sides of the proposed street to the Reading railroad tracks. It was generally agreed that the company would be allowed to be considered in the group of new additions and on motion of Mr. Gilberts, seconded by Mr. Wissotzky the communication was laid over until the next meeting.

Mr. Becker, Mr. King and W. S. Schreider appeared as attorney for Gettysburg College, who explained that the college had been asked to let the company use the site of the proposed street.

The college owns all the land on both sides of the proposed street to the Reading railroad tracks.

The college was to be compensated for the loss of the building and the cost of removing the same.

The Royal Month and the Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrutinous and consumptive.

The progress of scrofula during a normal October is conspicuously great. We have seen cases where the disease, which was practically burnt out and that it would have to be rebuilt at great expense to the company. Repairs are being made as rapidly as possible and he asked for a date when the company would be ready to go ahead with the rebuilding, would like to have some assurance that a better contract with the town could be secured than the one offered to him.

Mr. Becker said that the company had agreed to pay the bill of the Winter Alley.

Mr. Becker said that the company had agreed to pay the bill of the Winter Alley.

Mr. Becker reported for the special committee appointed to investigate what is known as the Winter Valley, running along the side of the street for three miles.

He suggested that the company should offer to the Winter Valley a lighted street for the lighted street.

mittee on arrangements for the entering of Legion while here.

The Legion met in the Court House at 10 o'clock. Vice Commander L. G. King took the chair upon arrival of Gen. D. S. Sibley, Gen. Horatio King from whom he had received a letter of regret from President Roosevelt and saying that he expected to deliver the speech at Gettysburg on Nov. 19th.

The report of quartermaster showed the Legion to have 482 members.

Sibley said that this was the first time the Legion had ever been invited to come to the battlefield of the war than go to towns asking for lodgings, etc.

The Legion voted to have a meeting of Sherman statue at Washington on Thursday as a hobby. A resolution of expression of gratitude and thanks to brilliant military career could not be tabled or declared out of order, the soldiers

had upon the field as it was.
